

Krenn®

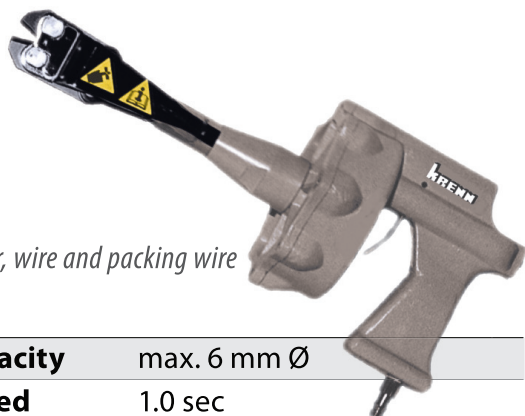

Steel Cutters

Pneumatic Steel Cutters

For the building and wire industry

- light weight steel cutter series, easy to handle
- high cutting power
- each model available in short or extended version

• for cutting rebar, wire and packing wire

KRC-6

Cutting Capacity	max. 6 mm Ø
Cutting Speed	1.0 sec
Weight	3.2 kg
Working Pressure	7.5 - 8.5 bar
Air Consumption	2.1 - 3.5 ltr
Cutting Blades	exchangeable
Dimensions	400 mm x 200 mm x 200 mm

Art.-No.: BB 730

Replacement Head

Art.-No.: P7 003

- also available with one side ground for flush cutting of wire mesh
- available in extended version

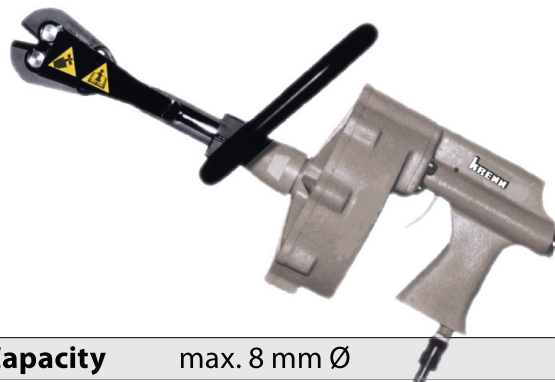

KRC-10

Cutting Capacity	max. 10 mm Ø
Cutting Speed	1.5 sec
Weight	8.0 kg
Working Pressure	7.5 - 8.5 bar
Air Consumption	approx. 15.1 ltr
Cutting Blades	exchangeable
Dimensions	600 mm x 200 mm x 200 mm

Art.-No.: BB 700

Replacement Head

Art.-No.: P7 002

KRC-8

Cutting Capacity	max. 8 mm Ø
Cutting Speed	1.0 sec
Weight	5.8 kg
Working Pressure	7.5 - 8.5 bar
Air Consumption	approx. 7.0 ltr
Cutting Blades	exchangeable
Dimensions	950 mm x 200 mm x 200 mm

Art.-No.: BB 730

Replacement Head

Art.-No.: P7 001

- for cutting rebar, wire and profiles up to 12 mm Ø
- also available in extended version

KRC-12

Cutting Capacity	max. 12 mm Ø
Cutting Speed	4.0 sec
Weight	10.0 kg
Working Pressure	7.5 - 8.5 bar
Air Consumption	approx. 24.0 ltr
Cutting Blades	exchangeable
Dimensions	600 mm x 270 mm x 270 mm

Art.-No.: BB 730

Replacement Head

Art.-No.: P7 001
